

You are invited to

Join HS Data and Misys at our **Enterprise Risk & Compliance Forum**.

Taking place on Tuesday 10th November at the Hilton Cyprus Hotel, this free morning Forum focuses exclusively on the region and will explore and debate the current issues in Enterprise Risk and Compliance.

Agenda highlights:-

- + **Hear from Dr Zenios, Rector of Cyprus University**, in a keynote presentation about "The basics of Risk Management: from Alexander the Great to the financial Crisis"
- + **Discuss common challenges & solutions** during our interactive Panel Discussion on the requirements and issues for Integrated Risk Management, and hear from our panelists who will include David Paris of IBM and Chris Leong of Misys.
- + **Discover what Misys & IBM have experienced** which may help your bank with some of the following areas:
 - + Real-time global limits management
 - + Integrated market & credit risk
 - + Managing risk across the trading and banking book
 - + Credit Risk Management integrated with global limits management
 - + Consolidation of Risk across multiple front office systems
- + **Network with other Risk professionals over lunch & coffee breaks** and visit the solutions showcase and meet the experts.
